Letter from Langshott

3rd October, 2021

My Dear friends and creative thinkers,

*“In Oneity, I am deathless”
ak*

Oneity (one ity), which is not a word in any common literary parlance, portrays a state of existence in which one feels, knows, and says that they are a conscious awareness of an entity that has taken shape and form, and exists, in a vast, limitless, unending energy matrix.

This matrix is the house of Nature’s creative machinery – the constructor of all creation. This creation is a tireless, perpetual and inexhaustible process.

I cannot truly visualize the matrix – because I am immersed in it – I can only be in awareness of it.

My acute awareness of it tells me that in the perpetuity of the process, of which I am a part, my shape and form may change, but my essence remains imperishable.

Understanding of this eliminates all fear of death.

Be blessed.
