Letter from Langshott

14th November, 2021

My Dear friends and creative thinkers,

“Being in the bubble of spirituality”

It is said **‘we are spirit beings masquerading as humans’**.

When we give homage to this adage we activate our default setting of the awareness of connectedness to the existence of the Force that is responsible for all of our thoughts, words, actions and emotions. The strength of this esoteric Force goes so far as to also bring the particle of every atom to vibration, wherein lies the mystery of our own existence.

The unflinching awareness of the accompanying Force in all our deeds puts us in the bubble of spirituality – a celestial impregnable sheath.

When you are in the ‘bubble of spirituality’ you are so galvanized as to be fearless in the face of any and all challenges, to know that you are open to freely receive guidance, wisdom and wherewithal to counter any threats or unfavourable circumstances. Most significant is the knowing that you do not do anything in life, everything is done through you by the super-intelligent Force. You are just an instrument.

The acceptance of this truth, which spells the end of ego, heralds a renewed emergence of an enlightened soul.

Be blessed.

Anil Kumar

Inspiration

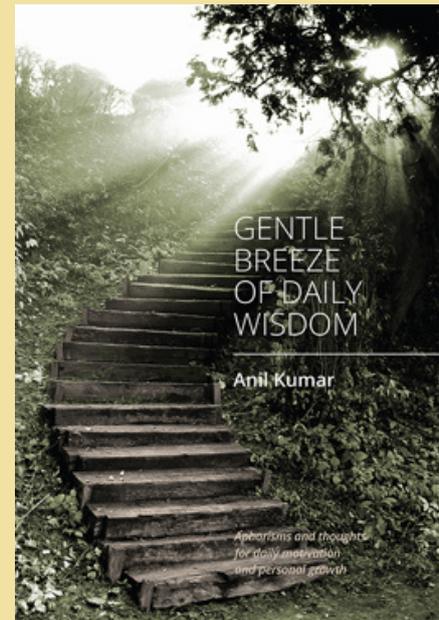

Understanding is when
I see myself in you
like the moon in the pond,
but only when you are
clear and still within.
